

Bits & Pieces

August 09

The heat continues and records are being broken daily. No end is in sight as of right now but we must keep the faith that soon mother nature will bless us with the much needed rainfall. As the heat goes on we must go on as well, watering throughout the day and repairing sprinkler heads and broken valves are a high priority. Recently we had a major leak at the main pumphouse. A 6 inch line had a leak and it was a major repair job, the system was down for 28 hours but we are up and running and so is the watering. Tree trimming, landscaping and detail work continue as well. We are pumping some of the lakes dry to clean them up and some will be left as grass bunkers for the time being. The swimming pool continues to be a hit with the hot sun. Bigger plans are in the works for the entire pool area at a later date.

The 19th Hole – The 19th hole continues to well also. Kids at the pool and parents enjoying the evening at the pool make for a good day at the 19th hole. Denise and her staff are working hard to cover the busy days at the club; some vary from time to time. Friday night finger foods and happy hour prices are also continuing.

News from the Pro shop – RHCC continues to do very well considering the economy. Memberships are on the rise as well as the outside play. August 1st Senior API 8:00 am and 1:00 pm shotgun starts. Scotch foursome August 2nd, Member's Cup 8th/9th. House Committee meeting August 11th @ 6:00 pm . Green Committee meeting August 13th at 6:30 pm. August 19th RHCC Board Meeting @ 6:00 pm. Putting tourney's August 7th/21st. OLDH Tourney August 28th 1:00 pm Shotgun start. Shane McGee , Asst. Golf Professional and Brandon Berryhill would like to thank the parents of the kids that attended their golf camp. Shane and Brandon had a great camp this summer and they also had an end of camp hotdog and swim party for their campers, great job Shane and Brandon.

As you can see we are still very busy at RHCC and the future looks great. We must work together to make this the best club in town. Remember to drink plenty of water and keep the faith.
