

## Bits & Pieces

February 09

Mother nature cannot make up its mind. Some days are warm and sunny and some days are cloudy and cold, in any event we are continuing to move forward with our plans at RHCC. The dumpster pad and sand /dirt pads are almost complete. We are hoping to have the entrance to RHCC looking better and more eye appealing. First impression are what most people remember. We have also installed yard markers on the par 4 and par 5's . So far the response has been good. We are also going to make our own cart signs for the fairways. We have a few more trash cans to make and we are looking to make a better looking divot mix box. We are trying to address detail items that will make a difference. Dollar spot continues to be a problem for us. Some of the Agronomist I have spoken with say that once a fungus is in your soil it is almost impossible to ever get it out. During this time of year the condition have been right for dollar spot, brown patch and take all fungus. The cool nights and mornings and the warm days contribute to this problem along with having the right amount of nitrogen in your soil. We are currently addressing the nitrogen problem and hope to have that under control. I apologize for this problem but we will have it fixed soon. As we head into spring we will start aerifying greens . Spraying out clover and other winter weeds. Fairways will also be aerified along with tees.

19<sup>th</sup> hole news – It is against the law to bring in your own alcohol into RHCC. This is something that WILL be enforced. If you are caught bringing in your own alcohol , you will be reprimanded and possible expulsion from the club.

News from the Pro Shop – February 14<sup>th</sup> is the Sadie Hawkins Tourney, 3 men and 1 women will make up a team so get your team together and sign up at the pro shop. Look for the 2009 tourney schedule in your statement. We look forward to having a successful year with our in house tourneys.

In closing I would like to thank all of you that helped make Robert Thompson's benefit a big success. I know that Robert and his wife, Annie, greatly appreciate all the membership's help. Let's all work together to make RHCC a better place.

Hit em long!!!!
